PORTFOLIO*

This newsletter is published by the HR Department of Svasti Microfinance, for private circulation only.

Dear Svasti family,

I am delighted to share with you, the news of us achieving one of the most significant milestones in the history of Svasti: Rs. 1,000 crores of Assets Under Management (AUM)!

Yes, we ended FY 2022-23 with over Rs. 1,000 Crores of AUM, having achieved Rs. 500 crores in just 12 months! This outstanding performance is thanks to the incredible teamwork of everyone at Svasti, for which we are grateful to each and every one of you.

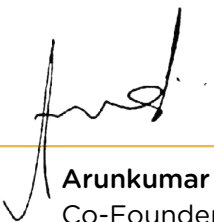

This achievement proves that customer trust in us is boundless, employee contribution is priceless, investor confidence is doubtless, and the future of Svasti is limitless!

In other great news, Svasti has the unique distinction of raising US\$ 5 Million from the Impact Investment Exchange (IIX) Women's Livelihood Bond 5, the World's First Orange Bond issuance.

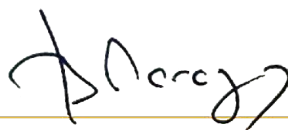

We are very proud to be a part of this groundbreaking initiative, and this multi-continent and multi-sector portfolio focused on financing women-centric initiatives. The proceeds of this 4-year Non-Convertible Debenture will go toward empowering women through income-generating activities and promoting sustainable livelihoods.

I am also sharing glimpses of the other milestones and celebrations we all contributed to and shared in the last quarter of FY 2022-23.

Thank you, and all the best for the coming financial year!

HUMANS OF SVASTI

**Rahul Dilip Patil**

Credit Manager - MSME

It's been about eight years working at Svasti Microfinance and it has indeed been a very enriching experience for me. It is an organisation which offers opportunities for everyone to faster and grow both professionally and personally.

I had completed an MBA in marketing, and had four years of experience as a Relationship Manager at Tata Capital (1 year), IDBI bank (2 years), and Reliance Mutual Fund (1 year), when I joined Svasti as Operations Auditor in the Audit team in 2015. I got promoted to Sr Operations Auditor in 2017 and currently I am working as Credit Manager in the MSME division since 2019.

I have not only learned a lot over these years about my own domain, but there has also been a lot of cross functional learning which has also helped in an overall growth in my career. Peers at Svasti are extremely encouraging, talented and like one big family who are always around to support at times of need.

The organisation is very multifunctional and with offices across the states we get to interact with colleagues from different states and cultural background, which is also another interesting facet of working for Svasti. And it's not all work all the time, Svasti also have a very proactive approach to employee wellbeing and frequently organizes events, sports. Overall Svasti has been one of the best places to work.

"I feel 2015 is very lucky year for me because in 2015 I have got two gifts one is my elder daughter Swara and second gift is Svasti organisation."

HUMANS OF SVASTI

**Prathamesh Bavkar**

Credit Manager - MSME

I joined as a CDSS at Nov 2015, having been referred by Shital Bavkar. Based on my performance in the CDL department, I was promoted to Audit department as an Operations Auditor in July 2017. Have done branch audits in the Mumbai region, my seniors recognised my performance, and elevated me to Credit Manager in Svasti's MSME department in July 2019. During this journey I learned many different works process and gained more knowledge of different verticals in the microfinance business. I feel lucky that I got an opportunity to work with three different departments and did different kind of work, which helped my professional development and growth.

"I am really thankful to my seniors at Svasti who recognized my ability, and gave me different opportunities to learn and grow in in my career, and I look forward to growing even more further in future."
